ABOUT ME

Versatile Front-End Developer with hands-on experience in web development, UI/UX design, and networking. Skilled in building responsive websites using HTML5, CSS3, and JavaScript, with additional expertise in WordPress development. Experienced in branding and digital design (Canva Pro, Figma, Adobe Illustrator, CapCut, DaVinci Resolve). Currently building practical network engineering skills, with on-site experience in CCTV installation, Wi-Fi Access Point setup, and Ethernet cable crimping. Actively pursuing the Cisco CCNA certification to advance in network engineering.

SKILLS

- Web Development: HTML5, CSS3, JavaScript, WordPress
- UI/UX & Design: Figma, Canva Pro, Adobe Illustrator, Design Thinking, Wireframing, Prototyping
- Mobile Development: React Native, Android Studio, Kotlin, Java, Python
- Networking: Ethernet Cabling, CCTV Installation, Wi-Fi Access Point Setup
- Creative Tools: CapCut, DaVinci Resolve

EXPERIENCE

Web, Graphic Design & Networking Intern
WeLiveIT | Feb 2025 – Current

- Designed logos and marketing assets using Canva Pro and Adobe Illustrator for multiple client projects.
- Updated and optimized WordPress websites for content, templates, and SEO performance.
- Contributed to on-site networking projects: assisted with Ethernet cabling, crimping, and installations.
- Gained hands-on exposure to CMS platforms, collaborative project workflows, and networking fundamentals.
- Completed Udemy courses in WordPress Development and Adobe Illustrator to strengthen practical skills.

Web Development & UI/UX Designer (Freelancer)
Jan 2024 – Current

- Built static websites using HTML5, CSS3, and JavaScript in VS Code and Cursor.
- Designed logos, branding materials, and marketing assets for small businesses.
- Created app prototypes with React Native and Android Studio.
- Delivered custom digital solutions tailored to client requirements across industries.

EDUCATION

- Bachelor of Computer & Information Sciences in Application Development (NQF 7)
  IIE MSA | 2024 – Current
- Higher Certificate in Mobile Applications & Web Development (NQF 5)
  Varsity College Sandton | 2023 – 2024
- Secondary Education (NQF 4)
  Rand Park High School | 2018 – 2022

Certifications:

- Full Stack Development – freeCodeCamp (2024 – 2025)
- Web Development – The Odin Project (2025)
- Microsoft Azure Fundamentals: AZ-900 (2024)
- Cisco Certified Network Associate (in progress, 2025)
